Jl. Kejawan Gebang Gg 1 , No. 16 , Surabaya, Jawa Timur

Greetings, I am Maulana Ahmad Zahiri an IT student at ITS with a great interest in programming and technology. My expertise lies in software development, and I highly value teamwork to achieve the best results in projects. Although I sometimes forget, I overcome it by setting deadlines to stay organized. With this dedication, I hope to make meaningful contributions in both academic and professional environments.

## Work Experiences

---

### Banyubramanta ITS - Surabaya, Indonesia

Sep 2024 - Present

#### *Creative and Branding*

Banyubramanta is the official underwater robot team from the Sepuluh Nopember Institute of Technology (ITS), where I serve in the Creative Branding sub-division. Our team is dedicated to designing innovative robotic systems, such as Remotely Operated Vehicles (ROVs) and Autonomous Underwater Vehicles (AUVs), to explore ocean depths and resources. In my role, I collaborate with the team to create compelling brand strategies and visual content that enhance our team's presence in both national and international competitions. By managing the team's branding efforts, I help showcase our technological achievements and drive public engagement.

- collaborate with the team to create compelling brand strategies and visual content that enhance our team's presence in both national and international competitions
- managing the team's branding efforts, help showcase our technological achievements and drive public engagement.

### Futurest 2025 - Surabaya, Indonesia
